Message from WICC

Dear All,

This is a complicated time for everyone and a particularly dangerous time for our older and compromised brothers and sisters. While we want to honor God by praying in the Mosque let us also honor each other by following these safety guidelines. According to the the state of New Jersey and CDC guidelines only 29 persons will be able to pray at one time with 6 ft distancing. We apologize if any members are turned away. Please remain home if you have been sick within the last 2 weeks or have been near anyone with Covid-19. These rules are in place indefinitely.

WICC will not be held liable for anyone contracting COVID-19.

Prayer at home is highly encouraged.

No exceptions to safety rules.
